

REMARKS

The Office Action dated June 13, 2006 has been reviewed and carefully considered. Claim 9 has been canceled without prejudice. Claims 2-4 are pending. Reconsideration of the above-identified application, in view of the following remarks, is respectfully requested.

Claims 2-4 and 9 stand rejected under the judicially created doctrine of double patenting over claims 1, 2 and 7 of U.S. Pat. No. 6,774,934.

Applicant respectfully disagrees with the reason for rejecting the claims. However, in the interest of advancing the prosecution of this matter, applicant has elected to file herewith a Terminal Disclaimer, limiting the term of any patent that may issue from the instant application with respect to the term of copending Application No. 6774934 (USPN-934).

Having provided a Terminal Disclaimer, applicant submits that the reason for the rejection has been overcome. Applicant respectfully requests the rejections be withdrawn and claims 2-4 be allowed.

CONCLUSION

For all the foregoing reasons, it is respectfully submitted that all the present claims are patentable. A Notice of Allowance is respectfully requested.

Respectfully submitted,

Date: May 24, 2007
